THE EVIDENCE WE DISCUSSED

Resilience

Priya, 2 Nov. A partner pulled out two days before launch. I told the team the facts at 9am and we had a replacement plan by lunch.
James, 2 Nov. Stayed level in the Monday meeting the morning the partner withdrew. The team left with a plan.

Decisiveness

Priya, 29 Oct. Chose which of two pilot schools went first on the day the question came up, and told both why.
James, 29 Oct. Made the pilot call herself and told me afterwards. I heard the decision and the result together.

Ingenuity

Priya, 30 Oct. Ran the employer briefing as three short calls when the room fell through. All eleven still attended.
James, 30 Oct. Three short calls in place of the lost room. Simple fix, same turnout.

Assertiveness

Priya, 28 Oct. Had the one-to-one I had been putting off. Set the standard, a date and what happens if it is missed.
James, 28 Oct. Had the conversation within the week, direct, with a date. First time I have not had to prompt it.

Communication

Priya, 3 Nov. Phoned every partner about the date change and asked each one to say back what they would do.
James, 3 Nov. Partners knew the new date before I did. No one had to ask twice.

Enthusiasm

Priya, 27 Oct. Took on the careers fair stand nobody owned and had it staffed within the week.
James, 27 Oct. Picked up the careers fair stand. Good pace all month.

FOCUS FOR THE MONTH

Decisiveness

For every request you send this month, set your chase date on the day you send it. If there's no reply by then, pick up the phone. Bring one example where chasing changed the result.

Due 9 December 2026

A score is where you were this month, based on what happened this month. Next month starts again, and opens with this assignment.
